HBIC's commitment to accessibility for all goes beyond our website presence and into our core philosophy that "everybody has the right and the ability to learn." This philosophy, as related to the organization, incorporates staff, constituents, and the public. Our commitment to accessibility for all begins with this site and our efforts to ensure all functionality and all content is accessible to all.

Our ongoing accessibility effort works towards conforming to the Web Content Accessibility Guidelines (WCAG) version 2.2. These guidelines not only help make web content accessible to users with sensory, cognitive and mobility disabilities, but ultimately to all users, regardless of ability.

Our ongoing accessibility efforts work toward making hbic.org as accessible as possible. HBIC welcomes comments and suggestions on how to improve the organization's overall accessibility, both online and in-person. We can be reached via telephone, email, or post.

If you are experiencing difficulty with any content on hbic.org or require assistance with any part of our site, please contact us during normal business hours as detailed below and we will be happy to assist.
